

How to get started with your Chromebook

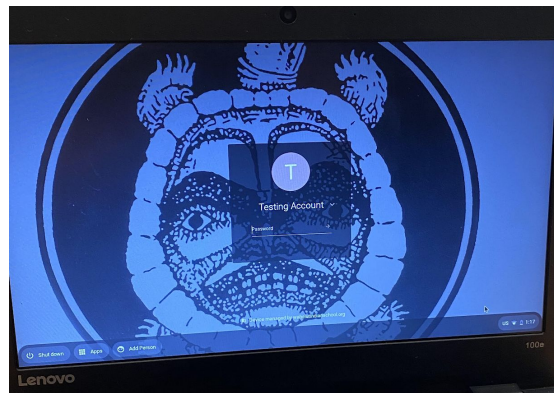

1. Power on your Chromebook: Press the power button in the top right corner of the keyboard.

**If you are not using your Wa He Lut Chromebook, you can go ahead and skip to step 3.*

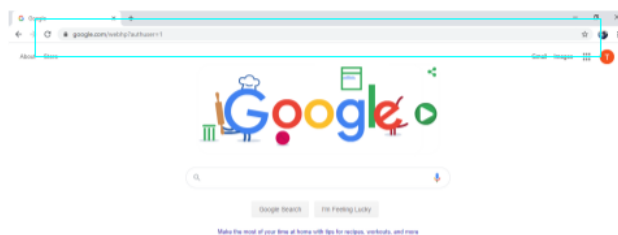

2. Login to the Chromebook with your password and click enter. Included in your bag with your Chromebook is a sheet of paper with your Wa He Lut email and password. *It is different from your old password.* If you can't find it, you can ask your teacher.

**You may already be logged in, if so skip this step.*

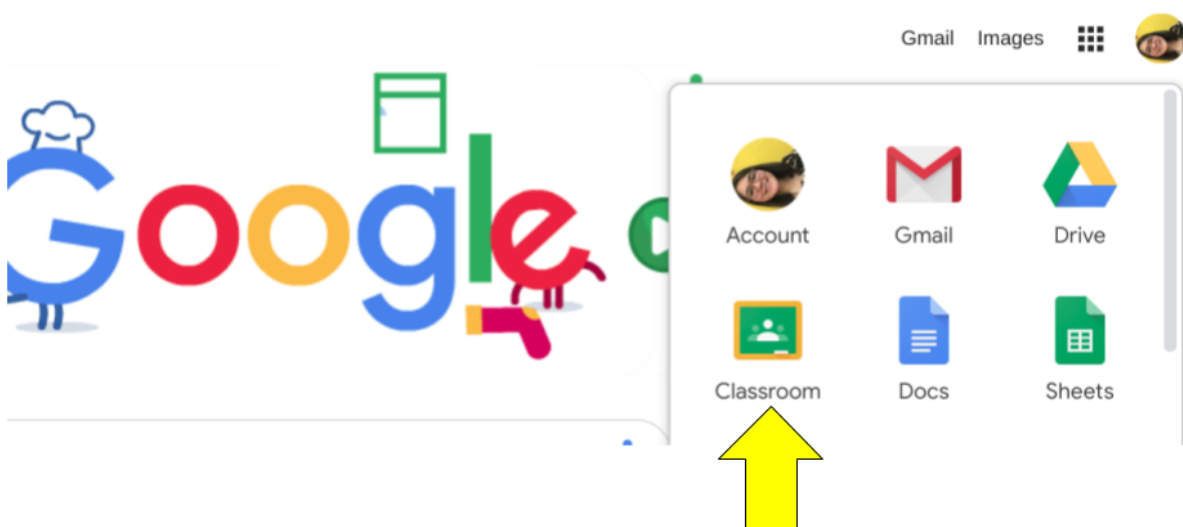

3. Once you're logged in, an internet browser will popup. To get to Google Classroom, you will type in www.google.com into the address bar at the top of the browser.

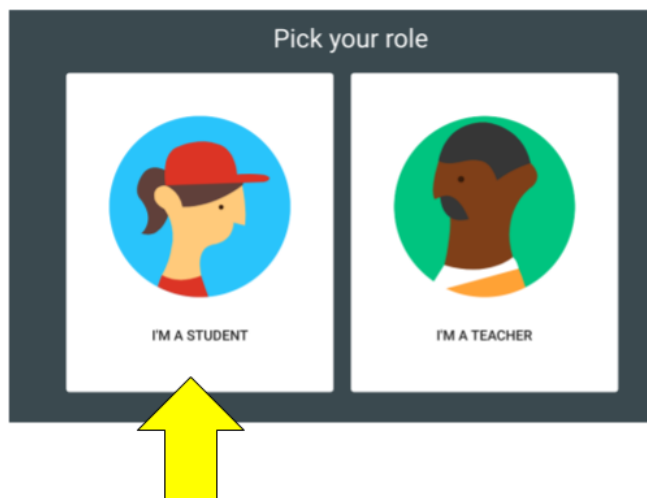

4. Next click the Google Apps button: the group of nine dots.

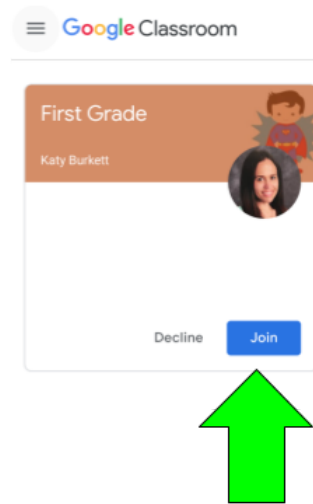

5. From here you will want to select Google Classroom.

6. Once you select Google Classroom you will be asked to "Pick your role". Choose "I'm a student".

7. Next, you will accept your invite from your teacher by selecting the **join** button.

8. After selecting the **join** button, you will be taken to your classroom homepage.
